Re: Site Inspection - Naval Ammunition Vieques

This is in reference to your letter dated December 19, 1991 (copy enclosed) pertaining to the Site Inspection (SI) of the Naval Ammunition Facility, Vieques, P.R. In the subject letter, you stated that the SI report and appropriate scoresheets would be sent to EPA "on or before April 21, 1992." To date, we still have not received the aforementioned information which is now long overdue.

We are once again requesting that you submit the SI report along with the related scoresheets for your facility within 30 days of receipt of this letter. The requested information should be sent to:

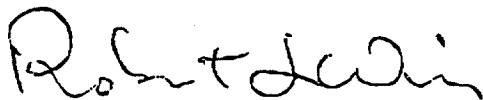

Ms. Helen Shannon
Regional Docket Coordinator
US Environmental Protection Agency
26 Federal Plaza, Room 2930
New York, New York 10278

As you are already aware, EPA is required to evaluate all facilities listed on the Federal Agency Hazardous Waste Compliance Docket ("docket") under Section 120 of the Comprehensive Environmental Response, Compensation, and Liability Act as amended by the Superfund Amendments and Reauthorization Act of 1986 (CERCLA/SARA) for possible listing on the National Priorities List (NPL). Your delay in submitting the required information will prohibit our agency from meeting deadlines mandated under CERCLA/SARA for NPL evaluation of your facility.

This follow-up information request is being made pursuant to the authority of Section 104(e) of CERCLA, 42 U.S.C. Section 9604(e). Failure to comply with this request may result in issuance of an order with the concurrence of the US Attorney General requiring compliance, 42 U.S.C. Section 9604(e)(5).

Your cooperation in this matter is appreciated. If you have any questions, please contact Ms. Shannon of my staff at (212) 264-6664.

Sincerely yours,

Robert J. Wing, Chief
Federal Facilities Section

Enclosure

cc: J. Schafer, USN
